this book does genuinely fill a significant gap and will serve as a reliable guide to the sources and scholarship on greece in the third century stanley burstein the aetolians of the 3rd cent bce even more than the macedonians if not quite at the level of the gauls were the bogey men and whipping boys for every greek state from athens to achaea that considered itself more civilized polybius in particular couldn t stand them primitive treacherous murderous piratical the epithets pile up like snow on helicon yet paradoxically these sub homeric ruffians also instituted a remarkably modern sounding democratic federation which even despite greek ethnic exclusiveness offered membership to non aetolian groups resolving the paradox has stimulated scholten to produce a really wonderful book he has reinforced the scanty literary sources with some of the most thorough epigraphical and numismatic work i have ever seen in a work of scholarship best of all he has walked every inch of aetolia and knows its geography backwards his research while not palliating the aetolians predatory economic self service a nice phrase sets their federation in its political context as never before and what s more does so in elegant and drily ironic prose the politics of plunder invites comparison with n g l hammond s epirus and will i suspect in the long run prove a more durable and substantial achievement peter green

the french invasion of italy under charles viii in 1494 95 has long been seen as inaugurating a new and wretched era in italian history the present volume the work of an international team of contributors seeks to question that assumption by focusing anew on the intricate politics of renaissance

italy and the long history of angevin attempts to impose their rule in southern italy it was later invasions it is argued that did most to reshape the politics of the italian peninsula these studies also look at social and economic effects of the french invasion as well as its cultural aspects not least the impact of renaissance culture in france itself combining survey papers and research articles this volume presents a new introduction to the history of late 15th century italy the appendix listing the ilardi collection of microfilms will also provide an invaluable guide to the diplomatic history of the era

the first comprehensive history of italian socialism in english this book ranges from the defeat of socialism by mussolini in 1926 to its resurgence as a powerful force in italian politics today di scala has not only combed the archives of italy and america but also interviewed an array of prominent italian and american sources providing testimonies that are themselves likely to become important historical documents his sweeping intensive survey sheds new light on important socialists such as rodolfo morandi and piro nenni and highlights the tremendous accomplishments of italy s first socialist prime minister bettino craxi di scala demonstrates that through a remarkable intellectual and political revival the socialists overcame their subjection by the communists and christian democrats and went on to radically transform the politics economy and international affairs of modern italy

siamo entrati in un periodo storico interessante l umanità è giunta a porsi il seguente dilemma estinguersi o cambiare È arrivata l ora di scegliere e non abbiamo molto tempo il presente volume zero intitolato la via all età dell oro è la summa dell intera collana la quarta filosofia l opera 8 volumi frutto di anni di lavoro dimostra sperimentalmente che la fisica fondamentale microcosmo e macrocosmo ha a che fare con la narrativa piuttosto che con la scienza la stessa santa fisica quantistica oggi ritenuta la punta di diamante della nostra conoscenza grazie a quel suo misticismo indeterminato principio di indeterminazione di heisenberg ma poi quando tratta di cose reali come la free energy diventa la fisica del vorrei ma non posso per non parlare del fatto che laddove necessario non si tira indietro a raccapriccianti trucchi matematici tutto questo basandosi su fondamentali postulati posticci e alcuni di essi totalmente arbitrari siamo stanchi di vedere banchieri in effetti al governo parlarci loro di limiti nelle vesti di chi non è mai stato votato per parlare al popolo i limiti non esistono siamo così

convinti di questo che siamo pronti ad adottare un nuovo modello economico totalmente basato sull'individuo neanche sullo stato e supportato dalla fisica dell'etere perché si ritornerà all'oro la banca centrale di colpo non avrà più alcun ruolo fine della dominazione economica la rivoluzione scientifica è la fisica dell'etere scienza per la quale la free energy è l'essenza del suo credo l'infrastruttura o sistema che per l'estrazione dell'energia la distribuzione e la trasmissione sarà il tesla world system tws gioiello tecnologico che creerà anche un internet parallela totalmente inviolabile segreta come il pensiero come ebbe a dire il grande nikola tesla il mondo dell'età dell'oro che abbia inizio noi tutti siamo stati vittime di un inganno di gigantesche proporzioni nulla è quello che sappiamo essere il volume zero dopo aver presentato la sintesi di questo scellerato inganno passa a proporre reali soluzioni tws e non solo per sottrarci alla fine dei tempi ormai prossimi la presente opera porta alla luce scienze e tecnologie sperimentali quindi dimostrabili eretiche chiamate da chi le teme pseudo scienze il volume zero attingendo dai libri di dettaglio vol 1 vol 7 descrive tra i diversi temi la fisica dell'etere scienza e tecnologia di nikola tesla grazie alla fisica dell'etere siamo pronti a supportare l'uomo a una nuova ed epocale rivoluzione scientifica che lo condurrà all'età dell'oro la filosofia o linea politica da adottare non dovrà essere scritta ma è stata già studiata e praticata ben oltre 2000 anni fa nientemeno che dal gesù storico e da lui denominata la quarta filosofia tale regale programma potrà essere attuato sfruttando la potenza della fisica dell'etere già oggi in grado di oltrepassare l'immaginazione se lo vogliamo l'età dell'oro è pronta a sbocciare il vero titolo della presente collana è in realtà la quarta filosofia nel mondo di nikola tesla
