business ethics faith that works 2nd edition shows how faith forms the foundation for the theory and practice of business ethics and how ethical leadership results in long term success in business it challenges readers to understand their own beliefs and actively base the ethics they practice in business on those beliefs for building an ethical culture that can lead to a sustainable competitive advantage the book begins by covering business ethics basics highlighting how ethics are good for business ruddell then analyses the scriptural teaching about business ethics as a model for how faith can and indeed must integrate with business ethics and then contrasts with other secular views of business ethics he continues by reviewing steps for solving ethical problems in business and how to set up and carry out an effective ethics program inside the business and how companies can extend those ethics to those around them through effective social outreach programs and to the environment

by being good stewards of our resources

in a field dominated by books that focus exclusively on the perspective of business in large corporations or that assume that business has a moral deficiency in need of reform al gini and alexei marcoux offers students and business people alike a concise guide to what everyone ought to do when doing business where other books are organized topically gini and marcoux look at the moral features of business that recur across topical areas stressing the considerations that bear on business people whether they be corporate functionaries principals in family businesses or solo entrepreneurs who do it all end to end they present to students the essential concepts ideas and issues involved in ethics in business and emphasize the individual acting person and what it means to have character and integrity when doing business

resolving moral issues in business the ethical landscape of business is constantly changing and the new edition of business ethics concepts and cases has been revised to keep pace with those changes most effecting business accelerating globalization constant technological updates proliferating of business scandals business ethics concepts and cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions identifies moral issues specific to a business provides an understanding of the social technological and natural environments within which moral issues in business arise and supplies case studies of actual moral conflicts faced by businesses

tackling the most pressing challenges of business in the next millennium internationally recognized philosopher robert c solomon takes a hard look at the treacherous terrain of ethical decision making in a highly competitive environment solomon argues that success does not have to come at the price of integrity good ethics he concludes is good business extensive case studies questionnaires and problem solving exercises make this an essential guide for business people

an anthology of readings legal perspectives and cases in business ethics ethical theory and business provides students with a strong understanding of ethics in business case studies a discussion of ethical theory and a diverse range of perspectives on specific topics give students the tools needed to address ethical situations in business and challenge them to think for themselves learning goals upon completing this book readers will be able to reflect on ethical and sustainable business practices understand the role of ethics in all function areas of business including management marketing international business human resources finance and accounting discuss the most pressing issues confronting business leaders today note mysearchlab does not come automatically packaged with this

business in ethical focus is a compilation of classical and contemporary essays and case studies in business ethics readers will become acquainted with seminal ideas on corporate social responsibility and the place of business in a just society other topics include diversity in the workplace sexual harassment workplace rights environmental responsibility and sustainability global business intellectual property bribery and ethical issues in advertising and marketing this second edition adds a dozen original case studies as well as new sections on global perspectives with articles on islamic confucian and buddhist business ethics entrepreneurship and the non profit sector background material on ethical theory and the nature of business ethics is included to orient readers new to this field

ethics in business is not a new topic and has been intensely discussed since the emergence of the so called limited companies however privatization technological and digital innovation changes in moral perception economic and financial crises and globalization stir a more recent debate on how companies should behave in our societies this book starts from the position that ethics in business should imply an open debate on norms and values using a sound methodology to get there ethics should cross borders not only the borders of a country but also the borders of someone's moral imagination ethics should not only be about harmony but also about conflict and how to deal with that ethics should be realistic and well substantiated by academic research ethics should be used to understand the complexity of the world and the challenges companies struggle with on various levels therefore this book is composed of three parts in which ethics is discussed at different levels in part one we discuss ethics at the level of the individual in part two we discuss ethics and business in the third part ethics is discussed in the context of a globalized world in each chapter we discuss the ethical complications of each topic from various and preferably opposing perspectives each perspective is methodologically and academically substantiated each chapter ends with an extensive literature list in which the original sources are listed for further reading furthermore at the end of each chapter a summary is written in which the most important definitions and viewpoints are highlighted the frequent use of colorful and bold examples make this an accessible read for bachelor and master students at business schools and professionals in international business

this book is a gateway to a fast moving topic which is why it has now been thoroughly updated with new material it gets the reader started on all the important elements of ethical and sustainable business practice but is deliberately concise non preachy and practical if you are a business owner or

leader it will provide you with the tools to make a difference if you work for an organization that needs change it will give you the ammunition you need to lobby the decision makers and present a compelling case for long term sustainability

this text provides an up to date critical analysis of contemporary issues in business ethics the authors begin with an overview of the major broad themes in business ethics then move to a more practical discussion of ethics in key management functions the second edition of the ethical business has been updated to address current thinking and new problems faced with new chapters focusing on the symbiotic relationship between business and the environment and new case studies an essential core text for today s business students bringing ethical dilemmas into context to provide the foundation of good management practice

business ethics best practices for designing and managing ethical organizations third edition focuses on how to create organizations of high integrity and superior performance author denis collins shows how to design organizations that reinforce ethical behavior and reduce ethical risks using his unique ethical systems model that outlines how to hire and train ethical employees make ethical decisions and create a trusting productive work environment taking a practical approach this text is packed with tips strategies and real world case studies that profile a wide variety of businesses industries and issues

keeping pace with recent developments almost a third of the eighth edition is new ethical issues in business offers a mix of case studies nine of which are new to this edition and theoretical articles ten of which are new to this edition the articles range from classics in moral theory and economics to modern commentaries by business executives book jacket

in ethical business cultivating the good in organizational culture richard kyte provides a handbook for navigating the challenges of today s business world he offers a proven and accessible method for thinking through complicated problems on one s own reaching consensus within groups and communicating controversial decisions to others which combine to demonstrate the way a virtuous office culture can yield ethical decision making by using real life examples and case studies by providing discussion questions and additional resources at the conclusion of each chapter and exclusively in this digital copy by providing live links and access to video lectures ethical business aims to inspire young professionals with both a compelling vision for ethical leadership and the tools to carry it out

collins business ethics an organization systems approach to designing ethical organizations provides theoretical and practical information to help create organizations of high integrity and superior performance the text offers ways to design organizations that reinforce ethical behavior and reduce risks it s organized based on an optimal ethics systems model which includes ethical job candidates decision making training officers and hotlines leadership work goals and performance appraisals environmental management and community outreach early chapters present types of ethical issues organizations face history of government regulation the importance and extent of codes of ethics and conduct an ethical decision making framework and the importance and extent of managing the natural environment and being a good corporate citizen as well as new ideas and models in addition collins provides a much broader array of best practices in business ethics to immediately implement many of the management techniques

packed with examples this book offers a clear and engaging overview of ethical issues in business it begins with a discussion of foundational issues including the objectivity of ethics the content of ethical theories and the debate between capitalism and socialism making it suitable for the beginning student it then examines ethical issues in business in three broad areas the first is the market issues explored are what can be sold the limits of markets and how it can be sold ethics in marketing the second is work topics in this area are health and safety meaningful work compensation hiring and firing privacy and whistleblowing the third area is the firm in society here readers explore corporate social responsibility corporate political activity and the set of ethical challenges that attend international business issues are introduced through real world examples that underscore their importance and make them come alive arguments for opposing positions are given fair hearings and students are encouraged to develop and defend their own views key features introduces each topic with a real world example which is referenced regularly in the subsequent argument contains a critical evaluation of capitalism and socialism with a focus on private property the market system and the welfare state explores the limits of markets and encourages students to ask what should and should not be for sale explores the phenomena of corporate political activity and ethical consumerism includes initial chapter overviews and at the end of each chapter study questions and suggested additional readings

take a seat in the boardroom what will you decide corporations make difficult decisions about the right thing to do every day but as an organization made up of people with different perspectives and values how can a business behave ethically this is business ethics offers a dynamic and engaging introduction to the study of corporate morality offers real world practical advice for navigating ethical dilemmas in business developed and explained through illustrative high profile case studies like the

ford pinto case enron walmart and british petroleum explores how ethical theory informs business policy and practice presents unresolved contemporary case studies for consideration inviting readers to participate in the decision making and offer their own recommendations the latest in the this is philosophy series this is business ethics features supplemental online resources for instructors and students at wiley.com/enus/thisisphilosophy/thisisbusinessethics/anintroduction
