in uniting music and poetry in twentieth century Spain Nelson R. Orringer uses both literary and musical analysis to study sung poems in twentieth century Spain in nine chapters each focusing on an individual sung poem song cycle or various poems set by the same composer. Orringer enriches and deepens interpretations of the art songs by comparing the poet's vision to the composer's. In examining composers such as Falla Turina Mompou Toldrà Rodrigo Montsalvatge and Rodolfo Halffter, Orringer shows that Spanish art song is an exceptional product of Spain's Silver Age and reveals a new way to understand and appreciate poems set to music in twentieth century Spain.

This glossary has been prepared in order to leave a record of the Quechua spoken by the people of Huarás and surrounding areas in the mid-20th century. Huarás, capital of the region, Department of Ancash, Peru, has a distinct form of Quechua that dialect was endangered due to a massive earthquake on May 31, 1970. Tens of thousands of people died and the city was destroyed. Many of the survivors left the area. Once rebuilt, Huarás was repopulated with people new to the area who use Spanish or a different dialect to communicate. Since then, technological influences such as the Internet also reinforce the use of Spanish to the detriment of the local Quechua. Born in Huarás, I was raised in a bilingual environment, Spanish and Quechua. Although I left the area to attend the university, I could always feel at home upon returning. Until that earthquake, since then it seems strange to return to an unfamiliar city due to people, language, and environment. I hope this glossary will help the newer generations better understand not only their grandparents and ancestors but the culture from which they come. Language and culture are intimately tied, and much more than words is lost when a language dies. The Inca Empire, Tahuantinsuyo, was invaded by Spain in 1532. At that time, Quechua was spoken, never written, throughout the Inca civilization with many dialects. Since then, the Spanish language has

been imposed but in huarás never did it replace quechua to the extent that it did in 1970 this glossary contains words several verb forms and phrases it is written with the expectation that it may help to preserve the inherited quechua so that huarás may remain bilingual it is written for huarasinos the people of huarás if others find it useful better yet the glossary is in quechua to facilitate access to the quechua indices in spanish and in english are included in mosquera
