land has always been an important subject in texas in colonial times there was no gold or silver no rich cities or advanced civilizations to lure europeans and americans to texas they went for land when texas won her independence from mexico in 1836 she had only one source of wealth 216 million acres of public lands thomas lloyd miller traces the history of those lands from 1519 to modern times he gives a complete account of the acquisition and disposition of the lands explains what has been done about minerals timber and oil and discusses the work of the texas land office and its commissioners using documentary sources he examines the conditions of texas lands from spanish grants to the present conflict over tidewater lands and offshore sunken treasure much of his material is made known for this first time this volume covers all important legislation relating to the public lands lands for settlers for soldiers for internal improvements for schools as well as the administration of laws related to rights to timber and minerals into the story is woven fraud carelessness and sometimes unwise decisions but there is also to be found much wisdom on the part of dedicated statesmen and commissioners included are tables showing receipts from texas lands from 1835 through 1970 along with other tables of land grants to improve water transportation and grants for irrigation canals and ditches this account with its useful maps and interesting illustrations is a valuable and indispensable tool for the student of the legal and social history of texas and an informative source for the general reader it is a unique history of self government in the disposition of the public domain not equaled anywhere else in america or indeed in history

a chronology of events in the history of houston from 1519 to 1970 and a selection of pertinent documents

the texas land grants were one of the largest public land distributions in american history induced by titles and estates spanish adventurers ventured into the frontier followed by traders and artisans west texas was described as great space of land unknown and spanish sovereigns wanted to fill that void gaining independence from spain mexico launched a land grant program with contractors who recruited emigrants after the texas revolution in 1835 a system of castilian edicts and english common law came into use lacking hard currency land became the coin of the realm and the republic gave generous grants to loyal first families and veterans through multiple homestead programs more than 200 million acres had been deeded by the end of the 19th century the author has relied on close examination of special acts charters and litigation including many previously overlooked documents

laredo is a city at the crossroads of north american history founded by the spanish in 1755 it has

stood at the intersection of regional commerce since its earliest days now john a adams jr provides the first ever panoramic business and economic history of laredo he traces the evolution of the region from its early days as a ranching center into the mid twentieth century when laredo had become what it remains today a booming port of trade and a principal center of commerce and financial services on the southern border of the united states in commerce and conflict on the rio grande adams demonstrates how the increasingly diversified economy of the region fed the fortunes of the city his narrative buttressed throughout by tables and statistics paints a vivid mural of both the economic forces and the farsighted and ambitious individuals that combined to bring prosperity to this unique american city readers will find a wealth of insights into regional economics history and borderlands themes

for the first time the true story of the yellow rose of texas is told in full revealing a host of new insights and perspectives on one of america s most popular stories for generations the yellow rose of texas has been one of america s most popular western myths growing larger over time and little resembling the truth of what happened on april 21 1836 at the battle of san jacinto where a new texas republic won its independence the woman who has been popularly connected to the story was an ordinary but also quite remarkable free black woman from the north emily d west this work reconstructs her experience places it in full context and explores the evolution of a most fanciful myth

a revised and expanded edition of an authoritative history presents a complete history of spanish texas including important new discoveries about american indians and women in early texas simultaneous hardcover available

for twenty years the historical atlas of texas stood as a trusted resource for students and aficionados of the state now this key reference has been thoroughly updated and expanded and even rechristened texas a historical atlas more accurately reflects the lone star state at the dawn of the twenty first century its 86 entries feature 175 newly designed maps more than twice the number in the original volume illustrating the most significant aspects of the state s history geography and current affairs the heart of the book is its wealth of historical information sections devoted to indigenous peoples of texas and its exploration and settlement offer more than 45 entries with visual depictions of everything from the routes of spanish explorers to empresario grants to cattle trails in another 31 articles coverage of modern and contemporary texas takes in hurricanes and highways power plants and population trends practically everything about this atlas is new all of

the essays have been updated to reflect recent scholarship while more than 30 appear for the first time addressing such subjects as the texas declaration of independence early roads slavery the civil war and reconstruction texas oklahoma boundary disputes and the tideland oil controversy a dozen new entries for contemporary texas alone chart aspects of industry agriculture and minority demographics nearly all of the expanded essays are accompanied by multiple maps everyone in full color the most comprehensive state of the art work of its kind texas a historical atlas is more than just a reference it is a striking visual introduction to the lone star state

an examination of state lands from a state rather than federal government perspective this study presents information from 22 us states in its discussion of state trust lands as models of public land administration

organized in two major sections this definitive reference work provides historical essays by leading scholars in the field and surveys of the principal archival holdings in texas with special emphasis on those significant to the history of the state the essays covering the most important chronological periods and including some special topics offer up to date summaries of the major works and most significant interpretations in the historical literature focusing on the political economic social cultural and intellectual concerns of the past the second section provides an overview of the major archives within the state which will enable the researcher to locate primary sources each article is written by a historian or an archivist with special knowledge of the archives and includes an introduction to the collection location of the archive hours of operation and a wealth of other useful information there are also brief discussions of topics that might be developed for further study from the resources of the particular archive

winner presidio la bahia award 2004 san antonio conservation society citation 2005 la familia de león was one of the foundation stones on which texas was built martin de león and his wife patricia de la garza left a comfortable life in mexico for the hardships and uncertainties of the texas frontier in 1801 together they established family ranches in south texas and in 1824 the town of victoria and the de león colony on the guadalupe river along with stephen f austin s colony the only completely successful colonization effort in texas they and their descendents survived and prospered under four governments as the society in which they lived evolved from autocratic to republican and the economy from which they drew their livelihood changed from one of mercantile control to one characterized by capitalistic investments combining the storytelling flair of a novelist with a scholar s concern for the facts ana carolina castillo crimm here recounts the

history of three generations of the de león family she follows martín and patricia from their beginnings in mexico through the establishment of the family ranches in texas and the founding of the de león colony and the town of victoria then she details how after martín s death in 1834 patricia and her children endured the texas revolution exile in new orleans and mexico expropriation of their lands and after returning to texas years of legal battles to regain their property representative of the experiences of many tejanos whose stories have yet to be written the history of the de león family is the story of the tejano settlers of texas
