the social history of music in Britain since 1950 has long been the subject of nostalgic articles in
newspapers and magazines nostalgic programmes on radio and television and collective
memories on music websites but to date there has been no proper scholarly study the three
volumes of the history of live music in Britain address this gap and do so from the unique

perspective of the music promoter the key theme is the changing nature of the live music industry the books are focused upon popular music but cover all musical genres and the authors offer new insights into a variety of issues including changes in musical fashions and tastes the impact of developing technologies the balance of power between live and recorded music businesses the role of the state as regulator and promoter the effects of demographic and other social changes on music culture and the continuing importance of do it yourself enthusiasts drawing on archival research a wide range of academic and non academic secondary sources participant observation and industry interviews the books are likely to become landmark works within popular music studies and broader cultural history

this fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts the international who's who in popular music 2002 offers comprehensive biographical information covering the leading names on all aspects of popular music it brings together the prominent names in pop music as well as the many emerging personalities in the industry providing full biographical details on pop rock folk jazz dance world and country artists over 5 000 biographical entries include major career details concerts recordings and compositions honors and contact addresses wherever possible information is obtained directly from the entrants to ensure accuracy and reliability appendices include details of record companies management companies agents and promoters the reference also details publishers festivals and events and other organizations involved with music

the groundbreaking work of harvard university psychologist howard gardner on multiple intelligences and tufts university psychologist david henry feldman on nonuniversal development is fast becoming the standard by which children's intelligence and cognitive development is understood in this landmark three volume set mara krechevsky and her colleagues at project zero make these insights available for both teachers and scholars alike this curriculum resource provides enriching activities in a wide variety of disciplines including mechanics and construction movement and music
